CUTTING DOWN THE CUBAN ARMY.

Names of Many Will Be Cut
Off from the First Rolls
Prepared.

ONLY FIGHTERS WILL BE PAID.

Those Who Enlisted After the
struction of the Maine Will
Get Nothing.

HAVANA POLICEMEN ARE NOT SATISFIED.

The Salaries Are too Small Compared
to Expense of Living in the City.
Many Spaniards Leaving
the Island.

New York, April 29.—A dispatch to
The Tribune from Havana says:

The efforts of the American military
authorities to reduce just and reason-
able proportions of the swollen Cuban
army lists promises to be a substan-
tial fruit. After many conferences be-
tween the committee of generals repre-
senting the insurgent forces and Gen.
Ernest, the governor general's chief of
staff, it has been decided to prepare two
new experimental lists—one of the sol-
diers actually under arms Feb. 15, 1898,
the day the Maine was blown up, and
one of those enrolled on April 1, 1898,
the day Governor General Blanco under
instructions from Madrid proclaimed a
truce with the Cubans. Generals Brooke
and Gomez can then decide which list
more equitably represents the real fight-
ing strength of the insurgent army. It
is calculated that no more than 28,000
names will be carried on the two rolls
finally selected as a basis for the distri-
bution of the \$3,000,000 fund now lock-
ed up on the Burnside.

The disbursement of this fund will
release for general circulation in Cuba
a welcome supply of minor American
coins, now much needed to replace the
depreciated Spanish silver and copper
pieces. There are on the Burnside
2,500,000 ten cent pieces and 200,000
nickels. No effort has been made so
far to bring American one cent pieces
into popular use, the big copper cen-
tavo of Spanish coinage still holding
the field.

Commenting on the fact that the de-
cree abolishing bull fighting and cock
fighting are just appearing in the Of-
ficial Gazette, La Lucha indulges in some
good natured banter aimed at the insu-
lar cabinet's reputed program of further
social and domestic reforms. It hints
that before May is over the gambling
which has been customary in Havana
clubs will be interdicted and that the
favorite Cuban dissipation of officials
will be subjected to many novel re-
straints. It is also suggested that the
cabinet might well undertake to sup-
press the pawnshops as incentives to im-
providence.

"To travel on this route is soon to
reach heaven," exclaims La Lucha, in
its puzzled amazement at these thickly
crowding innovations. Bull fighting, in-
deed, ceased several months ago on the
departure of the Spaniards. Cocking
mains are still conducted, but with
great secrecy. In Santiago all gam-
bling in the social clubs was stopped last
winter by General Wood's orders.

The mustered out American soldiers
who have been taken on the Havana po-
lice force are disposed to complain of the
meagre salaries paid the guardians of
the peace, and of the long hours of regu-
lar duty. The local policemen gets
only \$50 a month which in an expensive
city like Havana is scarcely enough to
make ends meet, and the force is so lim-
ited that according to complaints made
a patrolman has often to be on post 18
hours out of 24.

Mistaken economy has perhaps been
shown in civil departments here in re-
adopting the scale of salaries paid under
the Spanish administrations. Few
Spanish officials cared what nominal
salaries they drew as a public commis-
sion of any sort was looked upon as a
license to line one's pockets liberally at
the expense of the Cuban public. Many
Spanish subofficials with nominal sal-
aries of less than \$1000 had regular in-
comes of \$10,000 and \$12,000. With
rigid honesty of administration the com-
pensation offered in the civil service is
now in many cases adequate and far
more inducive to either efficiency or en-
thusiasm.

To offset the gloomy predictions based
on the departure of so many of the
Spaniards from the islands, one of the
newspapers published a table showing
the total of emigration and immigra-

tion for the months of January, Febru-
ary and March. These figures show
that 1279 passengers left this port, while
14,365 landed here. The figures for
April will, of course, reverse this appar-
ently favorable balance, for most of the
arrivals here have been of Americans
who are now returning to the United
States in large numbers. It is probably
safe to say that from 19,000 to 20,000
Spaniards have left Cuba since Jan. 1,
many of them sailing from other ports
than Havana.

CABLESHIP HOOKER.

She Will Lay Cable Connecting the Most
Important Philippine Islands.

New York, April 29.—The United
States cableship Hooker is being fitted
to sail for Manila on Monday. When
the Hooker arrives there work will be
started immediately laying the 250
miles of cable which is on board. By
means of this cable all the principal is-
lands in the Philippine group will be
connected and the administration of the
islands will be facilitated for the officers
in command.

Although the Hooker is not a large
ship, the government has spent \$120,-
000 in repairs and the valuable machin-
ery on board has brought the
expense up to a large figure. The cable
alone cost \$100,000.

The Hooker is the old Spanish prize
Panama, the second to be taken in the
war with Spain. She still bears many
reminders of the Spaniards in the decora-
tions of her cabin. Only one design
was removed and that was a handsomely
executed coat of arms. The Hooker
has been entirely refitted and is said to
be a model cable ship. She is 325 feet
long and 35 feet beam. Her tonnage is
2085. On her stern is mounted two six
pounder rifles and in the magazine is a
large amount of ammunition. She also
carries magazine guns.

It is calculated that the trip to Ma-
nila will take 75 days; she is a slow
boat and she is so heavily laden that her
speed will not be over 10 knots an hour.

Lieutenant John Maxfield of the
United States volunteer signal corps,
will be in command of the expedition.
The largest part of his signal corps has
been sent ahead by way of San Francis-
co. The second in command is Lieut.
Clark of the signal corps. The master
of the Hooker is Captain S. J. Hanlon.
His first officer, Henry Winter, is a well
known cable expert. Lieut. J. B. Mad-
den is acting as quartermaster of the
boat. As the Hooker is a slow vessel,
the war department will not send many
officials to the Philippines on her.

Major Black, of the United States
army, will be taken on board at Gibrat-
ar and complete his journey.
Among the passengers on the Hooker
will be William T. Fee of Ohio. Mr.
Fee, who for the last year has been the
United States consul at Cienfuegos,
Cuba, has just been transferred to Bom-
bay, India, where he will serve as con-
sul. Mr. Fee goes with his wife and
three children to Colombo, Ceylon, from
which port he will take passage to Bom-
bay.

A considerable quantity of Red Cross
supplies will go to Manila on the Hooker.

MAY OWN STEAMSHIPS.

Santa Fe Road to Establish a Transpa-
cific Line to the East.

Chicago, April 29.—Officers of the
Atchison, Topeka and Santa Fe railway
have about decided to put a line of trans-
pacific steamers to ply between San
Francisco and the orient. The company
is now planing to open its new line into
the metropolis of the coast by July 1,
and it is in connection with this road
that the new boat line is to be inaugu-
rated.

Some months ago the Santa Fe open-
ed a transpacific route from San Diego
and the service has proven successful.
Instead of adding more steamers to the
San Diego service it has been thought
best to put on a second line to run from
San Francisco. The new line will in no
way interfere with the one already es-
tablished, the second one being auxil-
iary to the first.

One of the Pacific steamship compa-
nies has awarded contracts to the
Cramps shipbuilders for the construc-
tion of four new passenger and freight
steamers of 6000 tons capacity each and
two or all of these steamers may be used
by the Santa Fe. Just how the new line
will be operated has not yet been deter-
mined. It is said the Santa Fe com-
pany may buy outright one or more of the
steamers now building. If this is not
done they may be run by the railroad
under a lease. When the Santa Fe's
new rail line is finished it will be the
first and only company to run through
train over its own tracks from here to
San Francisco.

No Change in Army Headquarters.

Washington, April 29.—An official list
of the different departments of the army
under the war department has been is-
sued. It shows no changes save those
recently made in Cuba. Texas is not
established as a separate department,
but remains in the department of the
gulf with headquarters at Atlanta under
Colonel R. T. Frank, First artillery.
The departments of California and the
Columbia are under General Shafter;
the Colorado and Missouri, General Mer-

THE MISSING CREW AT LAST LOCATED

They Are Prisoners in
Hands of the Insurgents
at Baler.

**FRIENDLY NATIVES
BRING THE NEWS**

It Was Imparted to Them by the
Rebels and They Sent the
News to Manila.

**THE SUING FOR PEACE
BY THE FILIPINOS**

It Is Believed Aguinaldo Is Trying to
Hide Behind the Insurgent Gov-
ernment in Securing Terms
of Peace.

Manila, April 29.—Captain J. C. Gil-
more and 14 sailors of the Yorktown
who were sent up the river at Baler and
after turning a bend in the river mys-
teriously disappeared, have been heard
from. The news comes in an indirect
way, but from a source that seems reli-
able.

The insurgents at Baler informed the
insurgents at a nearby town that they
held 15 whitemen as prisoners and this
news finally reached the ears of friendly
natives who have sent the news to Ma-
nila.

As these are the only Americans not
accounted for and as the insurgents
would have known Spanish, it is a set-
tled fact they are the missing Ameri-
cans. It will be some days before this
can be verified.

SEEKING PEACE TERMS.

Filipinos Making Slow Headway Trying
to Bluff Otis.

Manila, April 28.—Aguinaldo is evi-
dently selecting the army as a cloak for
his congress, hoping by subterfuge to
overcome General Otis' consistent policy
of ignoring the Filipino government.
The Filipino argument is that it is im-
possible to arrange an armistice without
the sanction of the congress. General
Otis punctured this assumption by re-
marking that if Aguinaldo could make
war without congress he could stop it
without reference to that body. One of
the conferees afterwards remarked that
they are shrewder than whites in diplo-
macy as the Malays are credited with
being. While the insurgents are un-
doubtedly tired of war, the leaders are
torn with dissensions.

There is a suspicion that it was hoped
by means of a conference to ascertain
what they could expect. If they saw
that anything is to be gained by contin-
uing the war, an armistice would afford
them an opportunity of recuperating
their demoralized forces. It is an inter-
esting commentary upon Aguinaldo's
scheme that only 60 of the 300 members
of the Filipino congress have taken the
oath of allegiance which their constitu-
tion requires.

A Filipino proclamation replying to
the proclamation of the American com-
missioners has appeared. It is signed
by Madini for the president and is dat-
ed Canisadro, April 15. It is in the
usual grandioso style and declares that
President McKinley issued the procla-
mation in order to force the American
congress to ratify the cession of the is-
lands under the treaty of Paris.

"This contract of cession was made
with the Spaniards after Spanish domi-
nation had been ended by the valor of
our troops," the proclamation asserts.
The proclamation complains that the
Filipinos were not represented at Paris
during the negotiations of the treaty,
and they are without assurances of the
fulfillment of the American promises.
It dilates upon the alleged Anglo-Saxon
hatred of blacks and asserts a desire to
enslave them. Deploing a lack of fore-
ign aid in prosecuting the war, the
proclamation concludes:

"We stand alone, but we will fight to
death. Coming generations will pray
over our graves, shedding tears of grate-
tude for their freedom."

No Surrender.

New York, April 29.—A special dis-
patch to the Evening World from Manila
contradicts the report that General
Luna has surrendered and confirms the
regular press advices, that commis-
sioners have been sent to General Otis to ask
for a cessation of hostilities. The World's
dispatch reads as follows:
"Filipinos have not surrendered. There
is no cessation of hostilities."

Killed and Wounded in the Philippines.
Washington, April 29.—A statement
prepared by the war department shows
that 193 were killed in the Philippines
from Feb. 4 to April 28, and 1111 wound-
ed; total 1309.

Two Transports Sail.

San Francisco, April 29.—The United
States transport steamers Senators and
Ohio sailed Friday for the Philippines
via Honolulu. The vessels bear the
Thirtieth United States infantry and
several hundred recruits for service in
the Philippines, besides carrying hun-
dreds of tons of machinery and supplies
for the army and navy.

A POSITIVE DECLARATION.

WHAT you want, expect and pay
for, you, ought to have. When you
buy "all wool" and it proves half cot-
ton, it naturally sets you to thinking.
When "half price" bargains prove to
be high priced ones it causes more
suspicion. We want the store to be
like Caesar's wife, "above suspicion."
That's why all wool means all wool
and a bargain is a bargain here.

Think of this when you want a suit.
You will get an honest suit here, one
with that permanency of the fit which
comes from correct tailoring, com-
bined with perfectly woven clothes of
dependable woollens, that shape hold-
ing quality which stays with the suit
till it's worn out.

We intend making this the most
momentous season in the history of our
store. If goods and prices are reli-
able indications, the accomplishment
of our object is already assured.

Children's Day.

Careful preparations are being made for the Children's Day exercises at the Baptist church to-day week, May 7. Mr. W. S. Howell, superintendent of the Baptist Sunday school, with the assistance of his teachers and pupils, has always made a marked success of these exercises, and the collections as well as the character of the exercises have given the Sunday school here high rank with the denomination in the state and in the state Sunday school convention, at the meetings of which Mr. Howell has been recording secretary for a number of years. It is intended to make the program next Sunday one of the most interesting ever presented, and it is hoped the attendance will be large.

The Eagle is requested to announce that an entertainment given by the ladies of the St. Andrews church will be held at the residence of Mrs. Judge Doremus on next Thursday, May 4th, from 4 p. m. until 7:30. The entertaining ladies will be Mrs. Judge Doremus, Mrs. Hebert E. Bowers, Mrs. E. S. Anderson and Mrs. J. B. Hines. The Rector extends a cordial invitation to members of all churches to attend on this occasion. The admission will be 10 cents.

NO DOUBLE ASSESSMENT.

Nicaragua Must Refund Duties Paid by Americans Under Protest.

Washington, April 29.—Secretary Hay has cabled instructions to Minister Merry at Bluefields informing him that the United States could not permit the double assessment at Bluefields on goods imported into that port. Minister Merry, who has been at Bluefields making an investigation of the complaints of American merchants at that point is expected under the instructions sent him, to demand the refunding of such duties as were paid under protest and that General Torres, the Nicaraguan official in charge of the department, shall desist from his attempts to enforce payment of the duties.

It is the position of this government that as the American importers paid to the insurrectionist government the duties on goods brought into Bluefields during the time from Feb. 20 to Feb. 25, the Nicaraguan government after it re-assumed control had no right to endeavor to assess them again for the amount of such duties. It is contended by the Nicaraguan government that the Americans really paid the money to the insurgents to aid them in their revolt and that to prevent the former from being illegally assessed, a decree was issued by President Zelaya immediately after the port was occupied by the insurrectionists announcing that no duties would be collected there.

The officials do not recognize the position of the Nicaraguan government, however, on the ground that in the case of a vessel at sea with perishable freight on board and bound for Bluefields, her agents would be compelled to pay the duties demanded by the defacto government, which at that time was the insurrectionist government, in order to save her cargo.

As the Detroit is at Bluefields ready to enforce Mr. Merry's demand, no doubt is felt that the incident will be closed without much trouble.

An Attempted Holdup.

Denton, Tex., April 29.—Two footpads attempted to hold up Charlie Kennedy, a young farmer living near Argyle, near the old Davenport mill site in South Denton. Kennedy was coming here for a physician when he was stopped by two men, who ask him the direction to a farm near where he lived. While Kennedy was giving them the desired information one of the men drew a pistol and, leveling it, told Kennedy to hold up his hands. Instead of complying, however, he set spurs to his horse and ran away, the men not trying to stop him. Kennedy came on to town, losing his hat in his furious ride. Not having been heard of the robber unless it was they who are responsible for the loss of several horses stolen near here. J. P. Chapman lost two and a man named Harris lost one.

Woman Loses an Eye.

Wynnewood, I. T., April 29.—While local talent was rehearsing a play at the opera house Mrs. Minnie Randolph happened to an accident that caused her the loss of her right eye. In one of the acts a shooting takes place. Prior to this act those participating had extracted the loads from some pistol cartridges and inserted soap in its stead. One of the amateur actors, who firing, shot Mrs. Randolph in the right eye. Physicians were immediately called and upon examination found that the ball of the eye was burst. The eye was removed and Mrs. Randolph is resting very quietly.

An Attempted Assault.

Forney, Tex., April 29.—Reliable citizens from near Daughtery lake, six miles from this place, report the attempted assault upon a white widow by a negro. The negro entered the woman's room and awakened her. She screamed and the negro ran. He was easily tracked through a plowed field to the home of another negro. When the pursuing party arrived at the place he had left, he had changed his shoes, the ones he left corresponding with the tracks in the field. Officers are in pursuit and capture is almost assured.

Shot For a Minor Offense.

Kirksville, Mo., April 29.—Policeman John Heinzman attempted to arrest James Munyon for a minor civil offense, but Munyon refused to hear the warrant read and ran down an alley. Heinzman followed, called a halt and fired his pistol at the fugitive. The ball entered the base of Munyon's skull and penetrated the brain. Physicians say Munyon will certainly die. Heinzman surrendered himself to Sheriff Blackledge.

Charged With Cutting Levee.

St. Louis, April 29.—Seventeen farmers of Pemiscot county, in southeast Missouri, have been lodged in the city jail by United States Marshal Louis C. Bohle on a Federal indictment charging them with cutting the levee. No denial is made by the farmers.

Bank Fund's Missing.

Atchison, Kas., April 29.—The Farmers' State bank of Everest, Brown county, quit business last Saturday and paid its depositors in full. There was money left after paying the depositors and it is now said that \$1200 is missing from the vault, which can not be accounted for.

Laboring Man Killed.

Fort Smith, Ark., April 29.—A laboring man, whose home and friends are unknown here, was killed by a switch engine on a Frisco switch. There is evidence to show that he was known as Brocky Sullivan.

Wireless Telegraph Test.

Washington, April 29.—The signal service made a test of wireless telegraphy between Washington and Fort Meyer. Conditions were unsatisfactory. A new test in Virginia is proposed.

THE COMMISSION'S REPORT

It Contains Some Interesting Statements About Allotments.

Washington, April 29.—The Dawes Indian commission has forwarded to the interior department a report of plans for the allotment and citizenship enrollment and other work required by the Indian Territory act.

The fullbloods of the Creek Nation have been very slow to accede to the policy of the government as expressed in recent legislation, and the work of enrolling has been retarded by a determination on their part to ignore the requirements of the commission. Upon the establishment of a land office at Muskogee, however, they have been appearing for enrollment. The report in discussing the enrollment details calls attention to the opportunity for fraud and error. There is a large colored population in the Creek Nation having no citizenship rights, but claiming them.

"As a class," says the report, "the negroes are untruthful and only a skilled clerk with a knowledge of their nature and of conditions existing in the Creek Nation, can detect attempted fraud. Only these negroes who appear on the roll made by J. W. Dunn, immediately after their vital war with their descendants born, are subsequent to that roll and those who have been lawfully admitted by act of the Indian council, are entitled to enrollment. The tribal records are exceedingly unfaithful. Many negroes bear the same name and many have changed their names."

Cattlemen, it is stated in many instances are endeavoring to induce citizens to file upon certain lands with a view of renting them for grazing purposes and great caution is necessary to prevent imposition on the more ignorant classes. The commission will soon commence to enroll the Choctaws. A corps of clerks has been organized for that purpose. The principal difficulty in the Choctaw enrollment probably is the freedmen, many of whom attempt frauds involving valuable property rights. The classification of the Seminole lands under the present plan will be accomplished in about six months and a small party is now at work on it.

The report concludes: "The commission has unceasingly devoted its energies to the accomplishment of the ends desired in the face of an appalling opposition by not only the Indians themselves but by various forces which have combined to defeat the government's policy, absorb the substance of the rightful owners of the soil and conduce to the welfare of those whose interests are subserved thereby."

TEXAS LEGISLATURE.

The House Devotes Most of the Time to the Appropriation Bill.

Austin, April 29.—The house met Friday morning in continuation of Thursday's session, having at the close of Thursday night's session taken a recess instead of adjourning.

Hon. J. H. Tolbert, member-elect from Grayson county to succeed the late S. P. Evans, took the oath as a member.

Mr. Powell called up his concurrent resolution proposing to fix a date for adjournment sine die and offered an amendment to fix May 6 as the date.

On motion of Mr. Bailey the resolution was laid on the table subject to call.

The entire morning session was devoted to the general appropriation bill. A recess was taken to 3 o'clock.

The house convened at 3 o'clock after recess, the pending business being the motion of Mr. Mercer to suspend pending business and take up the house bill to authorize the St. Louis Southwestern Railway company to purchase the Tyler Southwestern railroad.

The motion prevailed. On motion of Mr. Bolin, the senate bill of the same purport was substituted for the house bill.

An amendment by Mr. Garner was adopted which was intended to provide for leaving the courts to decide whether the roads to be consolidated are parallel or competing lines, also the Prince amendment binding the St. Louis Southwestern to abide by the rules, regulations and requirements of the railroad commission.

An amendment by Mr. Derden to provide that if the lines shall hereafter be shown to be "parallel or competing in judicial determination the act and the purchase made under it shall be void, was defeated. The bill was then passed—yeas, 65; nays, 29.

No other bills were acted upon, though several attempts were made to take them up.

General appropriation bill consumed the night session.

Gulf Receivers Make Bond.

Kansas City, April 29.—Colonel S. W. Fordyce of St. Louis, formerly president of the Cotton Belt railroad, and Webster Withers of Kansas City, appointed receivers of the Kansas City, Pittsburg and Gulf railroad on Thursday, have filed a bond of \$50,000 and took formal possession of the property.

Killed by a Train.

Memphis, April 29.—Col. Hugh D. Greer, a well known ex-Confederate soldier, who served through the war under General Forrest's command, was accidentally run over and instantly killed by a Southern railway train at Buntyn Station, near here.

Snow in South Dakota.

Deadwood, S. D., April 29.—A howling blizzard raged all through the Black Hills Friday. Six inches of snow has fallen here and reports from further north state that the fall is heavier than in this immediate vicinity. All farm work is suspended.

Painted the Town.

"We hear of an author," Frank Stanton says, "who got 60 cents royalty on a year's sales of his book; and the poor fellow bought a bottle of wine with it, then painted the town red, and was fined \$10 and costs by the heartless unitary recorder."
